

Responses to feedback received during neighbourhood plan regulation 14 consultation.

<u>Item for consideration</u>	<u>Recommended Response</u>
Include installation of electric charging points as a community action	As the Town Council is participating in the Energy Learning Network, add to community actions.
Any comments on the trees/nursery? Were these applications?	The Town Council has been involved in tree planting initiatives which has increased the coverage in Blyth.
Do you want to include ASB? Any comments re ASB?	Town Council actively works with Northumbria Police and Northumberland County Council to tackle ASB, including providing CCTV in hotspot areas. Additionally, see agenda item of Project Shield
The obsession with providing playgrounds for young children needs to stop. We have enough! Try changing the record, mix it up a bit. Think of something else to spend the money on.	Comments noted. The Town Council has a range of powers and duties to provide services which includes play areas. Details of the many other services are available on our website.
The proposed boundary extended to include the area with planning application (23/04456/OUT) for hotel, pub/restaurant and retail/commercial pods – JG to discuss with NCC	Still in discussion
Include a community action on working with NCC on the improvement of footpath within the conservation area as community actions	Add to community actions
Do you want to say anything re the YMCA and comments re litter bins and road signs?	Comments noted and will be passed to relevant departments.
Issue of seagulls inhabiting town centre	Comments noted and will be passed to relevant department.
Thoughts on the small area to the southern part of LGS20 – it is a wooded area that could be considered important to the character of the area	To consider whether to remove or retain plans proposal for designation
South Beach area issues/ Blue Flag	Comments noted and will be passed to relevant departments. Add Blue Flag to community actions.
