BLYTH TOWN COUNCIL

Community Development Committee

Tuesday 25 November 2025 Decision Report

Budget 2026/2027

Recommendation

Committee to consider the Officers' budget proposals for 2026/27, for recommendation to the Governance Committee.

Ward

Not ward specific.

Risk Management

To consider budget proposals which are in line with Council objectives, for submission to the Governance Committee, as within the budget process for 2026/27.

Objective

To promote the environmental, social, and economic wellbeing of the town and its community, in keeping with the Council's governance arrangements.

Report

This report covers the Officers' proposals for the 2026/27 budget. They are based upon rolling forward the commitments from the current year and any agreed/potential changes for next year regarding increased costs/popularity and inflation, particularly in relation to events.

Shown on Appendix 1 are the items included within the Committee's responsibility, by budget heading. Within this appendix are the proposed events which have been discussed at the previous meeting of this Committee.

At the previous Committee on the 25 September, it was proposed that we organise another event to further recognise Armed Forces Day and we have included £5k to cover this. In carrying out initial discussions with the Army and NCC, it was felt that there were other options that they wished to consider. It is therefore proposed that we continue these

discussions and report back to either an Events working group or the next Committee.

I have also included within the budget proposals a contingency amount of £5k to cover the administration of the Neighbourhood Plan, if approved. The plan is in its draft stage at the moment and once approved by Town Council will be submitted to NCC for further action. This contingency would cover the administrative work necessary to monitor all planning applications against the plan once it is an adopted document. This would then inform Officers during the year as to the extent of resources required, which could then be subsequently built into any staffing budget in the following year.
