

BLYTH TOWN COUNCIL
Full Council
11 January 2024
Decision Report
Review of CCTV Policy

Recommendation

The Council resolve to approve the revised CCTV policy.

Ward

All

Risk Management

There are no budgetary implications. Governance arrangements are in place to review policies on an annual basis or on each known change.

Objective

To promote good governance of the Town Council by adopting transparent practices.

Report

Because of the Council purchasing CCTV cameras in 2023, there is no longer a need for, the then supplier, to monitor the individual systems.

As a result, we have revised the policy wording, within Section 3, from.

“Each individual CCTV system may be monitored locally within the Council offices. should the circumstance be deemed necessary and also remotely by Reay Security Ltd ARC (Alarm Receiving Centre).” to

“Each individual CCTV system may be monitored locally within the Council offices.

A full copy of the proposed policy is attached at Appendix 1.
