	<p>Members support the planning application subject to the conditions outlined by the other statutory consultees being addressed. Members welcome the additional parking bays on Ogle Drive, the relocation of the football pitch and improved drainage, and the potential for woodland creation as a mitigation at the Isabella Heap site.</p> <p>Members expressed their concerns that the applications combine the Chase Farm Link and the A1061 dualling within a single submission and believed these elements would have been better handled as two separate planning applications to provide clearer consideration and consultation.</p>
